EDUCATION

2017 - 2020

HIGH SCHOOL DIPLOMA

- Bahirdar STEM Incubation Center

2021 - 2025

BAHIRDAR UNIVERSITY

- Bachelor of Computer Engineering
- GPA: 3.6 / 4.0

TECHNICAL SKILLS

- Root-cause analysis
- web design
- Computer systems
- Troubleshooting
- Network configuration

LANGUAGES

- English (Fluent)
- Amharic (Fluent)

PROFILE

Dedicated computer engineering undergraduate with over three years of frontend development experience, proficient in React and skilled in circuit design. Committed to creating user-friendly applications and eager to apply my technical skills in a dynamic environment to contribute to innovative solutions in the tech industry.

EXPERIENCE

Summer intern

Circuit Design

- Experience in hardware-software integration, system design, and debugging, with projects in embedded systems, circuit design, and microcontrollers.

Freelance

Frontend Developer

- 3+ years of experience in frontend development, proficient in React, JavaScript, HTML, and CSS, with multiple completed projects focused on responsive web design and user interfaces.
